

April 15, 1954

Dr. S. A. Waksman
Institute of Microbiology
Rutgers University
New Brunswick, N. J.

Dear Dr. Waksman:

I just wanted to confirm the arrangements for the dedication program in June. The title of my talk stands as is. May I assume that you will be in touch with us later concerning housing arrangements.

Your previous letter mentioned the limited facilities for guests at the program. If I had not explicitly mentioned it before, may I mention that my wife, who is of course my close colleague in the laboratory, will be accompanying me on this trip and I would like to request that provision be made for her as well as myself, as a visitor at the symposium.

Yours sincerely,

Joshua Lederberg
Associate Professor of Genetics
